PROJECTS

Enterprise Sprint Kanban Engine - Trello Project Management Practice

Trello · Kanban · Agile · Task Management

Practiced Kanban-based project management by organizing software-development work in Trello, including backlog management, task prioritization, workflow tracking, deadlines, checklists, and bug management.

Food Atlas - Jira Scrum Project Management Practice

Jira · Scrum · Agile · Backlog Management

Practiced Scrum project management using Jira by structuring a software project into Epics and User Stories, organizing the product backlog, applying story-point estimation, and preparing work for sprint planning.

Event Management - Asana Project Management Practice

Asana · Project Planning · Task Management

Practiced project planning and task coordination using Asana by organizing event-related activities, creating tasks and subtasks, assigning priorities and deadlines, and tracking project progress.

Website Redesign ClickUp Project Management Practice

ClickUp · Task Management · Kanban · Project Organization

Practiced project management using ClickUp by organizing website redesign activities, prioritizing tasks, tracking workflow progress, managing deadlines, and structuring project work through a Kanban-based workflow.
